Customer Problem Statement Template:

The Customer Problem Statement template has been used to highlight and analyze various problems experienced by various users of Book-A-Doctor. PS-1: In PS-1, a patient looking for easy and effective ways to access medical consultation services was identified. The patient would like to be able to get information on reliable doctors and make bookings for appointments in the easiest way possible without leaving the comfort of his/her home. The existing appointment method is quite cumbersome since patients have to contact their doctors via phone calls or visit hospitals. PS-2: In PS-2, a doctor handling appointments of various patients was identified. The doctor requires an effective means of handling appointments to avoid scheduling problems and unnecessary frustrations.
